SUMMARY

Software Engineer (Web Automation) with 1 year of experience in web application development, API integrations, workflow automation, and security compliance. Skilled in Next.js, React, REST APIs, Python, and n8n automation. Hands-on experience in developing scalable platforms for healthcare, inventory, and communication systems. Contributed to ISO 27001 and SOC 2 audits as an internal auditor, ensuring compliance with international security standards.

SKILLS

Programming skills:-	C/C++, Python, JavaScript, TypeScript, SQL, PHP
Development Tools:-	HTML5, CSS3, React, Next.js, REST APIs
Security and Compliance:-	ISO 27001, SOC 2 (Internal Auditing Experience)
Automation and Tools:-	n8n, Git, GitHub, VS Code, XAMPP
Soft Skills:-	Communication,Team Collaboration,Problem-Solving,Adaptability,Time Management,Leadership,Critical Thinking

WORK EXPERIENCE

FONADA —— Software Engineer (Web Automation)   June 2024 - present

Designed and developed an interactive Outbound Dialing (OBD) platform using Next.js, enhancing user experience.
Integrated REST APIs and backend services for reliable performance and scalability.
Implemented n8n automation workflows to streamline repetitive operational processes.
Acted as internal auditor for ISO 27001 and SOC 2 audits, contributing to compliance documentation and audit readiness.
Collaborated with cross-functional teams to deliver secure, scalable, and efficient solutions.

FONADA —— Website developer: June 2023 - Sept

Built an Inventory Management System with API integration and database filters.
Improved IT asset tracking and reduced manual effort through a user-friendly interface.

Bharat Intern —— Frontend developer   Aug 2023 - Oct 2023

– I had made social media networking website for them .

PROJECTS

HEALTH HELP   Link to Demo

Developed a web-based health assistant platform that allows users to input symptoms and receive medical guidance. Integrated an LLM (Large Language Model) to provide intelligent disease predictions and preliminary advice. The platform includes appointment booking, real-time assistance from multiple doctors, and a user-friendly interface. Focused on streamlining patient-doctor interaction and improving healthcare accessibility..

INVENTORY MANAGEMENT SYSTEM   Link to Demo

It help the organistion to manage their inventory for the IT sector.

EDUCATION

2020 - 2024	B.tech (Information Technology) at **Ajay Kumar Garg Engineering College , Ghaziabad Uttar Pradesh**	(SGPA:7.8)
2020	12th CBSE Board from **Bishop Conrad Sr. Sec. School , Bareilly**	(91.4)
2018	10th CBSE Board from **Bishop Conrad Sr. Sec. School , Bareilly**	(88.4)

CERTIFICATES

1. Data Analytics and Virtual Visualization Experience by Accenture.

2.Python complete course master for beginners by Udemy.

3.Software Engineering Virtual Experience Program by Goldman sachs.

HOBBIES

Numismatic , Video Games , Cricket , Badminton , New technologies , web development
